Hey Sarah. Guess TX hornshell is controversial after all. Also, you were going to email Gary to make sure he is informed about the schedule (maybe you did but I didn't see it) There was one other sppp you were going to do that for as well.

Benjamin -- See below. Sent you a note last Thurs about the need for a phone briefing this week. Looks like Greg prefers Wed, if that's doable. But now there's another comment letter in the record, and you'll have to see if it raises any issues not already addressed. -- GDF

Hi Gary

Please see email and attached and brief me on Wednesday if possible.

Thanks
Greg

Dear Mr. Sheehan,

Thank you so much for meeting with Dan and me on June 30th. We appreciated you hearing our concerns and asking so many great questions about the oil and gas industry.

Following up on our meeting, you requested letters outlining issues we were facing from the Service in the field. Attached is our first letter on the Texas Hornshell. We are more than happy to answer any questions you may have.

We appreciate your willingness to help and look forward to continued correspondence.

Best,

Sam

Samantha McDonald
